TIME

Busy schedules don't often allow you to get to all the Chamber functions you'd like to attend but your membership is important to you, your business and to the communities we serve.

The Chamber is:

- ◆ A collective force to advocate for the needs the community such as economic development, improved roads, utilities, water, safety, transportation, affordable housing, job creation, recreation and preservation.
- ◆ A focal point for the business community to get together to exchange ideas.
- ◆ An office to respond to inquiries about our county and its opportunities.
- ◆ An information gathering center with the power to inform and advise the business community of current events.
- ◆ A center for educational training and development allowing your business to grow and keep ahead of economic trends.
- ◆ A voice for businesses and the community to keep elected representatives aware of your needs relative to legislative issues.

Your Chamber is a rallying point and an instrument for the promotion of plans, ideas and projects - and has been for nearly 90 years.

Being a member IS participating in making this a better place to live and do business. Thank you for your continuing support.

MEMBER NOTES

INTERNS Anyone interested in hiring a college intern to assist with projects or daily business activities may contact Penny Loretto, Assistant Director/Internship Coordinator, Skidmore College, 580-5790, ploretto@skidmore.edu, www.skidmore.edu/administration/career.

AIRPORT CONSTRUCTION If you are a certified Disadvantaged Business Enterprise through the Federal Department of Transportation, you may wish to register with the County for possible set aside construction projects at the Saratoga County Airport. For more information call 885-2235.

FREE ENERGY AUDIT If you have a commercial energy meter, and are using less than \$75,000 of energy a year, we have a deal for you. You can secure an energy audit by a professional engineer. Recommendations on cutting your expenses will include specifications and cost estimates of modifications. You are already paying for the service through your energy bill; so why not use the service? You may also qualify for 4.5% loans, if you are making major improvements in your internal energy systems. The engineers can be in your business in less than a month. Call Bridget at 584-3255 for more information.

SAVE THE DATE! The 90th Annual Dinner will be held on Thursday, January 24 at the Saratoga Springs City Center at 6 p.m.

LEGAL AND ACCOUNTING ASSISTANCE A group of member attorneys and accountants have agreed to provide up to thirty minutes of counseling to small member firms at no charge. Referrals are made on a rotating basis by contacting Bridget DeVaney at 584-3255. Referrals are made to only one attorney and only one accountant.

SARATOGA HISTORY With the passage of time, the history of Saratoga in the 30's, 40's, 50's and 60's begins to be blurred. For this reason your Chamber is compiling that history for future generations through research and interviews. Plans call for the mass distribution in early 2008 of a booklet outlining that history. The booklet will also be sent to new residents.

NOMINATING COMMITTEE The following individuals have been named to the 2008 committee to recommend eight nominees for your Chamber Board: John Baker, **Gaffney's**; Marianne Barker, **Impressions of Saratoga**; Bill Canty, **Canty Financial Management**; Eddie Hicks, **Prestige Services, Inc.**; Brien Hollowood, **Unlimited Potential, Inc.**; Bill Martin, **Initiatives Group, LLC**; and Sue Slovic, **Ballston Spa National Bank**.

IRAQ SERVICE A hearty welcome back to Past Chairman Jim Pabis who spent a year in Iraq as a Lieutenant Colonel earning a Bronze star. Still in Iraq with a medical unit is Lieutenant Colonel Jamie Green, DDS who should return by late October.

ROUTE 67 At the request of your Chamber, state and local government officials met with local business people from the Route 67 corridor to be briefed on and discuss proposed road improvements for the area between the Northway and Route 50. With Malta development, especially Luther Forest, major increases in auto and truck traffic are anticipated in that corridor.
