

REMEMBER ME?

I'm the
parking meter
that
destroyed
downtowns
across the
nation

I'm **COMING BACK
TO SARATOGA!**

**Unless YOU say no to
our city government**

Potential clients and customers will think twice about coming downtown for services and shopping.

There will be an additional \$3.00 expense to have a meal in one of our restaurants.

Employees will pay upwards of \$50 per month to park to go to work.

Downtown residents who use on street parking will have more difficulty parking as others try to find meter free parking to use downtown.

For more information about upcoming meetings and to help save our downtown: www.saratoga.org/chamber/nopaidparking.asp
